

Strong gusting winds buffeted all riders who braved the inaugural Ride with Rendall Team Trial held outside Ottawa on Sunday May 17th. With swirling winds all over the course, it was hard to find a wheel to hide behind; even among teammates!

This event is sure to become a classic – re-kindling the flames for this classic cycling format. This 21 km loop has it all; climbs, fast sections, and winding curves all on quiet roads.

Ride with Rendall (www.ridewithrendall.com) plans to stage another TTT later this year, to build on the success of this first event (August 22nd – tentative date). Find yourself three friends and come out for the challenge.

| Category / Placings / Team Name | | Distance / Team Members / Time | |
|--|---------------------------|-------------------------------------|---------|
| Under-19 Men | | 42km, 2 laps | |
